

Arctic Technology Break-Through Now in 4 Sizes

Ice-Station Zero with Arctic Technology is the latest break-through in portable cooler engineering. Ideally suited for fishing, camping, hunting, or any outdoor activity where rugged durability and long-term cooling is a necessity. Our sturdy ice-chest is the perfect companion for every sportsman and outdoor enthusiast.

- High-impact, seamless, double-walled construction that withstands sitting, standing, and environmental punishments.
- Each lid seal undergoes a 24 hour pressure fitting process that ensures the most conforming seal possible.
- Seaworthy design provides longer life with corrosion resistant stainless steel hinges.
- Higher R value insulation in body and lid retains the cold longer.
- Resilient, FDA approved polyethylene won't absorb or transfer odors; no more fishy smells to worry about.
- Specially formed insulating foam is a moisture resistant, thick-celled latticework that keeps the inside temperature where you need it: **warm or cold.**
